DR. D. JAYNE'S TONIC VERMIFUGE

A "run down" condition is generally due to the failure of the digestive organs to properly digest the food. Dr. D. Jayne's Vermifuge tones up the digestive organs so that they supply the body with proper nourishment, and in this way bring about lasting health. Ordinary tonics simply supply food material in predigested form, and consequently are only effective as long as the tonic is taken. Sold by all Druggists— two sizes, 50c and 35c. Br. D. Jayne's Expectorant has been relieving and curing Coughs, Colds, and similar allments for nearly four generations.

#### What the Test Shows.

The state of Alabama furnishes the farmers a service they do not use enough—bulletins of what has been found out about fertilizers by the State Chemists and special agents of the agricultural department.

The special agents go from place to place and open sacks of guano and take therefrom samples-the makers of the guano have nothing to do with it-they cannot say which sacks are to be opened. These samples are examined and analyzed by the State Chemists. List year the samples taken from fertilizers made by us showed much higher commercial values than we stated they had. On one brand it went several dollars more per ton. The farmers got the benefit of this. Our goods were better than the guaranteed analysis said that they were. If you want to read about this, white the Commissioner of Ag-

riculture at Montgomery for a fertilizer builetin. We intend to keep making high grade goods. We have no old name or old reputation to sell our goods. We sell them on the merit of what they have in them. We want you to buy them this year. YOU CANNOT DO
